

UNIVERSITY
TECHNICAL COLLEGE BOLTON

Tuesday, 2nd February 2016

Dear Year 12

I hope you are progressing well in your academic studies and that you are finding UTC Bolton a school that meets your expectations.

You may be aware that I have been engaging with two medics; Dr Lamia Zafrani and Dr Zakhi Zafrani who delivered one of the Medical Series Lectures on Tuesday 15th December 2015 and through this engagement, we have devised an intensive three-day development programme called Medicus. The programme is exceptional and mimics what is delivered by professional training organisations in providing an advantage to students wanting to study medicine.

Medicus will start on Monday 21st April 2016 and finish on Wednesday 23rd April 2016. Details of the course are outlined on the website <http://utcbolton.org/medicus/>

Spaces in Medicus are limited to 30. We have therefore, decided in collaboration with medical partners for these places to be secured only for our current Year 12 students through a competitive application process.

To this end, if this course is of interest to you, we invite you to complete the application using the above website providing a detailed personal statement in UCAS format stating why you wish to read medicine and become a doctor. The criteria for selection will be based on your expected academic performance, conduct and behaviour at UTC Bolton and of course the strength of your application.

The deadline for your application is Friday 26th February 2016.

We look forward to receiving your application and wish you the best of luck in the meantime.

Regards

Zubair Hanslot
CEO – UTC Bolton
Provost – University of Bolton
